Universal Engineering College

NAAC Accredited institution

Approved by AICTE, Affiliated to APJ Abdul Kalam Technological University

Irinjalakuda , Vellangallur Road, Thrissur - 680 123, Kerala, Ph: +91 480 2864177, Email: info@uec.ac.in, www.uec.ac.in

VISION

Provide excellent engineering education, imparting skill development and innovation ecosystem to create engineers that cater to the needs of the society with strong ethical values

MISSION

- *Qualified faculty and intact infrastructure, bestow creative and innovative engineering education.*
- *Equip the students with competent and cutting edge technologies.*
- *Mould the students to meet the changing challenges with global outlook.*
- *Inculcate moral and ethical values among students so as to serve the needs of the society.*

V.K Shamsudeen
Chairman

Message - Chairman

**"Success is no accident. It is hard work, perseverance, learning, studying, sacrifice and most of all, love of what you are doing or learning to do."
— Pele**

It may seem unbelievable, but thinking that talent is the gene of all successful people is absurd. You can become successful in anything if you learn to be focused and consistent. But unfortunately, some people want success to jump at them without doing anything. This is what differentiates “geniuses” from “ordinary people.” The determination of high achievers is expressed in hard work, resilience, and a sense of direction. Yet, we often wonder why high achievers are relentless in their pursuit of success. This is because they didn’t focus on their own shortfalls or dissatisfaction despite the unlikelihood of achieving their set goals. Instead, they consistently pursued their ambitions with an unrivalled focus, believing that the process was just as important as the destination, even if the process was tedious. Grit means being courageous, having a strong resolve, and being persistent in doing something, no matter the difficulties that come with it. It has to do with bravery and strength of character.

Dear staff and students, we are all talented in different areas. It is possible for you to find some things easier to do compared to others. There are also other areas where you cannot do what others find easy. However, with much effort, you can achieve anything in life.

Dr. Jose k Jacob
Principal

Message - Principal

"The healthiest competition occurs when average people win by putting in above-average effort". – Collin Powel

Competition is an integral part of life. It comes in all shapes and sizes. Even professional sports and other forms of entertainment are based on competition. But what sets the great players apart? How do you unlock your full potential and become a better player and winner? Competition alone won't build your confidence or hone your skills—you need both. And the way to win is not through hard work or mastery of specific techniques but through a mindset, rhythm and understanding of how to play the game at its highest level.

Great players are not born - they are made. Some key factors determine a player's success in a particular sport, regardless of their talent level or experience. The first and foremost is the mindset - the way a player approaches the game and their feelings about it. Understanding what makes great players tick can help you level up your career to the next level. Great players are not only skilled but also aware. They understand the game from a strategic standpoint - from mechanics to psychology. They thoroughly understand the game, both in its technical and strategic aspects. They are keen observers of the game, constantly analyzing it and looking for ways to improve themselves.

UEC Management

V.K Shamsudeen, Chairman & Managing Trustee

P.B. Abdul Jabbar, Chief Patron

P.K. Salim, Vice Chairman

C.K. Mukundan, Vice Chairman

Jayraj B. Pillai, Secretary

V.K. Abdul Gafoor, Treasurer

V.K. Abdul Salam, Joint Secretary

Jabir K. Mohmmmed, Executive Director

P.B. Anvar, Executive Member

P.B. Zainudeen, Executive Member

Academic Heads

Dr. Jose K Jacob, Principal

Dr. K K Narayanan, Head of the Department, Applied Science & Humanities

Dr. Sreeraj R, Head of the Department, Computer Science & Engineering

Dr. Premshankar, Head of the Department, Mechanical Engineering

Dr. Harinarayan N H, Head of the Department, Civil Engineering

Dr. Joly, Head of the Department, Electrical & Electronics Engineering

Dr. Arun Pradeep, Head of the Department, Electronics & Communication Engineering

FACULTY ACHIEVEMENTS

Dr. Sreeraj R, HOD CSE was invited and acted as resource person for KTU sponsored 3 day FDP on "Artificial Intelligence and Data Science" at Royal Engineering College on 18-01-2023..

PTMA GENERAL BODY MEETING

General body meeting of the Parent Teacher Management Association of the Universal Engineering College for the academic year 2022-2023 was held at the college auditorium on 14/01/2023 at 10.00 am. The meeting began with the invocation to God. Ms. Jasmin Raphy, PTMA Vice President, delivered the welcome speech.
