Vision

Provide excellent engineering education, imparting skill development and innovation ecosystem to create engineers that cater to the needs of the society with strong ethical values

Mission

- Qualified faculty and intact infrastructure, bestow creative and innovative engineering education.
- Equip the students with competent and cutting edge technologies.
- Mould the students to meet the changing challenges with global outlook.
- Inculcate moral and ethical values among students so as to serve the needs of the society.

V.K Shamsudeen
Chairman

Message - Chairman

Dear Graduating Students,

As Chairman of Universal Engineering College, I extend my heartfelt congratulations as you complete this significant chapter and prepare to embrace new horizons. Success is intricately tied to our ability to align with our purpose, a journey that unfolds over time. The seed of purpose often germinates from a yearning or fascination, guiding us towards self-discovery. While these initial inclinations aren't the final destination, they provide the stepping stones to greater clarity.

In this process, patience becomes an indispensable virtue. Just as a masterpiece cannot be rushed, your journey towards purpose requires steady steps and trust in the path ahead. These steps are instrumental in honing the skills needed to manifest your life's work effectively. Over time, you'll witness the growth of both your skills and your understanding, forming the bedrock of your contribution to the world.

As you venture beyond these walls, remember that Universal Engineering College will forever be your starting point, where you nurtured the aspirations that now propel you forward. Once again, congratulations on your graduation.

Dr. Jose k Jacob
Principal

Message - Principal

"Positive thoughts, words, and actions create positive feelings. Positive feelings generate positive energy."- Nozer Kanga.

"Positive energy" is a phrase often heard in various contexts, from classrooms to boardrooms, and even within the walls of our own homes. In the journey of life, challenges and tests are inevitable companions. However, the power of positive energy should not be underestimated in our quest to overcome these obstacles. It is this positivity that can propel us forward, enabling us to surmount adversity, confront negativity, and triumph over challenges. It is the driving force behind building successful teams, conquering life's trials, and emanating an infectious vibrancy that touches the lives of everyone around us. This reservoir of positivity becomes our shield against negativity and adversity that threaten our well-being, our families, and our teams. Furthermore, it acts as a catalyst, bringing out the finest qualities within us and others.

Each day is a fresh opportunity to choose between approaching our tasks with a positive or negative mindset. The choice we make shapes not only our own experiences but influences those around us as well. Positive thinking serves as a catalyst for personal and collective excellence. It becomes a beacon of inspiration, lighting the path to success and spreading its radiance to those who cross our path.

Remember, an organization is only as strong as the energy that fuels it. Let us collectively cultivate a culture of positive energy that fuels our aspirations, bolsters our achievements, and strengthens the bonds.

Let us rise above challenges and radiate the positive energy that defines our journey at Universal Engineering College.

WORKSHOP ON EFFICIENT DOCUMENT MANAGEMENT
 MASTERING EFFICIENT DOCUMENT MANAGEMENT!

K K CHANDHRAKUMAR
 *SERVICE CONSULTANT - KTU
 *FORMER ADMINISTRATIVE ASSISTANT AT KERALA TECHNICAL EDUCATION DEPT.

DATE: 8/7/2023
TIME: 9:00AM TO 12:30PM
VENUE: B BLOCK SEMINAR HALL

SCOPE:-

- Document Filing and Organization
- Document Numbering and Identification
- Documentation and File Tracking
- Register Entries and Updates
- Streamlining Process Flow

ORGANIZED BY UEC ADMINISTRATION DEPT.
www.uec.ac.in, info@uec.ac.in

UEC Administration Department has organized a captivating workshop on efficient document management on 08-07-2023. This valuable session has been thoughtfully designed to enhance the skills and expertise in effectively managing documents. It equipped us with the necessary tools and techniques for streamlining our administrative processes.

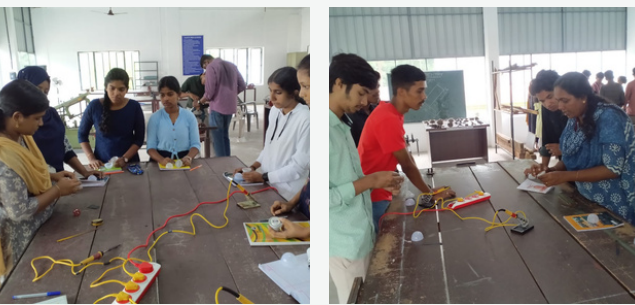

LUMINARY TALKS - "Workshop of NEP 2020 "

The first program of LUMINARY TALKS - "Workshop of NEP 2020 " was conducted on 08-07-2023 with the immense support of all Universal Family Members. Prof K Ramachandran with His case studies and examples took to the world of outcome based education. He also taught the methodology to make a dry subject class more interactive and interesting. He has given all the steps to prepare a IDP for Universal Engineering College.

Training on LED Bulb Making

Training on LED Bulb Making conducted on 11-07-2023 by ION and AIR, technical clubs of Electrical & Electronics Engineering and Electronics & Communication Engineering departments in association with ENCON CLUB for EEE and ECE students as a part of Bridge program.

Excellence Honoring Program

The Literary Debate Club organised " Excellence Honoring Program" to honor the exceptional achievements of our State Award winners 2023 on the morning of July 25th 2023. The ceremony commenced with an eloquent Welcome Address by our Librarian Mr. Gopalan, whose warm words set the tone for the event. Following the welcome, Dr. Jose K. Jacob, the Principal, delivered a motivational and visionary Presidential inspiring us all to reach greater heights in our endeavors.

The Inaugural Address was delivered by Mr. V. K. Abdul Gafoor, Treasurer of the Universal Educational Trust, whose insightful words underscored the importance of recognizing and supporting exceptional talents within our community. The event was graced by the presence of esteemed Chief Guests, Mr. Jithin Raj, and Master Davinchi. They shared their experiences and insights, motivating everyone present to pursue excellence and strive for success. A key moment of this ceremony was the Felicitation, of Honoring the State Award winners 2023 by the Head of the Department, Dr. K K Narayanan, which added to the significance of this event. The event reached its pinnacle with the heartfelt Vote of Thanks delivered by Ms. Suprabha C.C

FDP

Universal Engineering College organized 3-day Faculty Development Program (FDP) centred around Teaching Pedagogy in collaboration with the prestigious Teaching Learning Centre (TLC) at IIT-Madras.

The primary focus of this FDP was to empower educators with the knowledge and skills required to implement Outcome Based Education (OBE) effectively. In the three days participants got the opportunity to engage in various interactive sessions, workshops, and discussions that aim to enhance their teaching methodologies and approaches. Educators gained the valuable insights into OBE principles, which emphasize aligning educational objectives with the desired outcomes for students. The program equipped attendees with practical strategies and innovative teaching techniques that will positively impact student learning outcomes.
