Message - Chairman

***The POSITIVE THINKER sees the INVISIBLE, feels the INTANGIBLE, and achieves the IMPOSSIBLE - Winston Churchill**

Have you ever been in a situation where someone tries to help you improve your life, but you wouldn't listen? Or maybe you ignored all their advice and ended up making things worse? The truth is that sometimes other people don't know what to say to help you improve, so you have to make it a priority to ask for help. Many people want to help you, but you have to communicate your needs and put yourself out there to make that happen. The first step to improving your life is to make it a priority to listen to the people around you who want to help you succeed.

Expectations have the power of making reality fit in. Creating positive expectations for yourself is a crucial step toward self-improvement. You have to create realistic expectations for yourself and ensure that your goals are attainable and beneficial to your life while staying positive and trusting the process. If you want to create positive expectations for yourself, you have to make sure that your expectations are realistic, based on what you want to achieve, and that they are positive. Setting expectations based on your past experience can lead to disappointment and failure while creating positive expectations will help you build self-confidence and trust in yourself.

Dear staff and students - Expect more, get more. Expect failure and get that too.

Dr. Jose k Jacob
Principal

Message - Principal

Success is where preparation and opportunity meet - Bobby Unser

Once there was a prosperous farmer. He had large acres of land and an even larger heart. He would play host to the travelling salesman, visiting traders, priests etc. One day he learned about diamonds from one priest. Diamonds that could make people rich and all their dreams come true.

The farmer decided to go out and hunt for diamonds by identifying the opportunity. He sold his farm, left his family in the care of neighbours, and went looking for diamonds. Unfortunately, even after spending a lot of money for six months, he couldn't succeed. Broke and heartbroken, he died soon after.

Meanwhile, the new owner was watering the pants one evening; he suddenly saw something glistening, and it was a large stone. He picked it up and identified it as a diamond. There are a lot of such stones all over the farm. But the farmer couldn't realize it.

Often we believe that we need to quit our current position and go out looking for success. Why do we fail to recognize the diamonds in our own backyard, under our own feet? This is mainly because the diamonds appear in their rough, uncut form. And polishing those uncut stones is hard work.

Only when we see things as they are or in their rawest form can we see the potential in them. That's when we can make them shine.

IBPMS TRAINING

IBPMS training was organised by CESA, Department of Civil Engineering in association with LENSFED has conducted two day hands on training programme on 04/07/2022 and 26/07/2022. The IBPMS training was officially inaugurated by DR. Jose K. Jacob (Principal UEC) in the presence of Mr. Sajan Jose (AP, Dept of CE, UEC), Ms. Krishna M. M. (AP, Dept of CE, UEC) and LENSFED members. Training programme was conducted by Mr. Sajan Jose supported by LENSFED faculties. Around 50 licensed Civil Engineers (Kodungallur area) from various firms took advantages from the training. Furthermore, LENSFED will be associating in the placements, internship and training for our Civil Engineering students.

Workshop

The Mathematics Club of Universal Engineering College (UEC) organized a half day seminar on “INTRODUCTION TO GRAPH THEORY” on July 6, 2022 in B block seminar hall. The seminar focused on basic concepts of Graph Theory and its applications. The programme started at 10:00 am with the welcome address by Mr.Rahul Ravi, Assistant Professor, Department of Applied Sciences & Humanities. The Faculty members and students of semester 4 CSE also participated and benefited from this programme. Dr.K K Narayanan , HOD, AS&H, IQAC Coordinator pointed out that Seminars, workshops and conferences hold great importance of life of a student. They are platforms not only to learn new aspects, others perspectives and latest information, but also a good way of networking. Our chief guest Mr. FAHAD ALI P H, Assistant Professor of Mathematics, M.E.S Asmabi College,Vemballur, Kodungallur acted as a resource person for the above mentioned topic and enlighten the students with knowledge.

Mega placement Drive for Students and Alumni of Universal Engineering College “UNIDRIVE 2K22” was organized by placement cell on 15th July 2022 and 16th July 2022. Around 20 companies participated in campus drive and about 350 students registered for the drive. We had Active Designs, Indoshell Mould Private Limited, Purpose Technology, Reliable Builders, CADD Centre, CODEA, TATA Power Solar, Nirmaan, Bosco FAB, Sachindra, Applied Payments, Dr. Cool, Quadrant, and Singularis as our offline recruiters and Fine Tools, Hot Pack Global, Speridian, Energyscape Renewables, Manappuram Finance Limited, Think Palm, Notetech, Data guard NXT as our online recruiters

PLACEMENT & TRAINING CELL

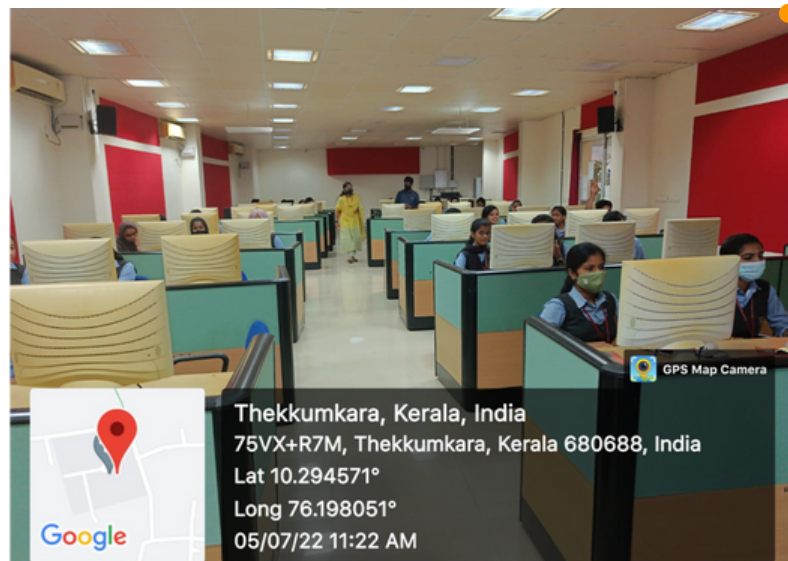

Training and Placement Cell of Universal Engineering College has conducted a 2 day offline **TCS training programme** on 19-07-2022 & 20-07-2022 for third year students of all departments of UEC at Seminar Hall A block and B block. Mr. Viswajith Anand and Mr. Shine S, Trainers, Jay's Academy handled the training programme on 19-07-2022 and Mr. Kiran Chand and Mr. Shine S, Trainers, Jay's Academy handled the training programme on 20-07-2022. Around 135 third year students attended the training.

Training and Placement Cell of Universal Engineering College has conducted a One day Placement **Training and Motivation class** on 07-07-2022 for second year students of all departments of UEC at Seminar Hall A block and B block

MACHINE LEARNING: A PRACTICAL APPROACH – PHASE 1

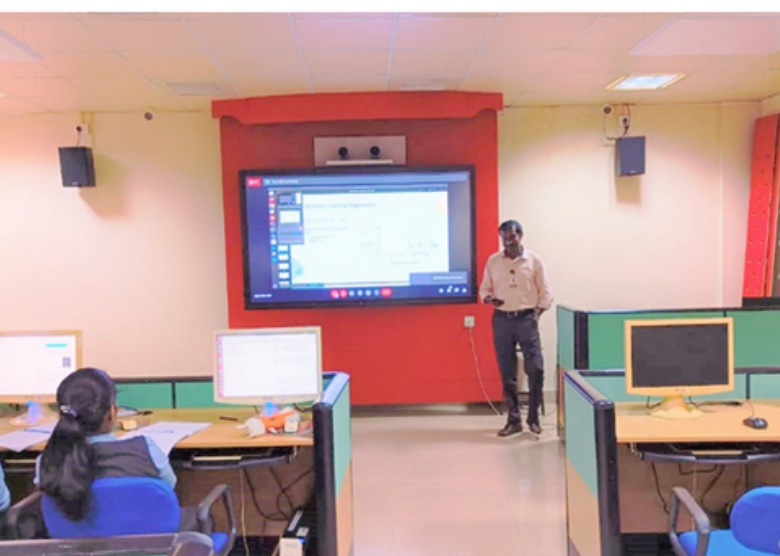

A one-day workshop on “MACHINE LEARNING: A PRACTICAL APPROACH – PHASE 1” was organised by FOSS club in association with RACE on 05/07/2022. The venue was SDPK lab, Main Block. The resource person was Dr.Sreeraj R (HOD, CSE, UEC).Scientific computing using Python was the main focus area of the session.

After his session, the resource person also conducted an interactive session with the students. Students asked many technical doubts which were cleared by him. The session was anchored by Mr.Mohammed Rasnal K A (Student,S6CSE).There was a feedback session in which students expressed their gratefulness for the wonderful session. The session was concluded by a vote of thanks by Mr.Muhamed Ajmal K R (Student, S6 CSE).

MACHINE LEARNING: A PRACTICAL APPROACH – PHASE 2

A one-day workshop on “MACHINE LEARNING: A PRACTICAL APPROACH – PHASE 2” was organised by FOSS club in association with RACE on 08/07/2022. The venue was SDPK lab, Main Block. The resource person was Dr.Sreeraj R (HOD, CSE, UEC) and Dr.Premjith B (Assistant Professor, Center for Computational Engineering and Networking (CEN), Amrita School of Computing, Coimbatore). The session provided a basic understanding of how to implement Machine Learning using Python.

Dr.Sreeraj R handled the session in offline mode and Dr.Premjith B presented in online mode. There was also an interactive session with the students in which the resource persons answered the queries of students. The session was anchored by Ms.Badarunnisa T S (Student,S6CSE).There was a feedback session in which students expressed their gratefulness for the wonderful session. The session was concluded by a vote of thanks by Ms.Vidya A (Student, S6 CSE).

PROJECT EXPO -22

PROJECT EXPO -22 was organised by R & D CELL in Universal Engineering college on July 14th 2022 was exemplary. Show casing the student's projects was the main objective and thereby enhancing the project quality as per the need of industry.

Ms. Rema Raghavan., Health & Education Standing Committee Chairperson, Vellangallur block for inaugurated the function. Mr. V. K.
